- Receive ongoing profit distribution
- Get credits for contribution
- On BSC and DEXs

Central bar with four icons and labels: Earn Reward (person with dollar sign), Buy Products (shopping cart), Ownership (clock), and Vote (group of people).

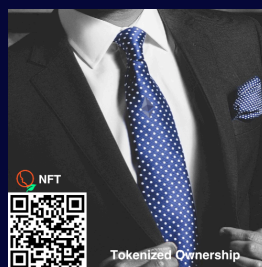

The LookRev design and marketing tool helps consumers co-design products and find the right product-market-fit. It assists the development of high-quality creative products.

The ownerships of the product lines are tokenized as NFT collectibles, held by the owners of the NFT tokens. The net profits received from the sale are regularly distributed to the NFT owners.
